

Week ending 24th April 2009:

This has been a week to settle back down after the excitement of Miss Hawkes Wedding Day and Easter.

On Wednesday the bike track markings were laid and that section of the garden is now completed.

Little Harts and children in wraparound care have worked on the allotment and parents are coming to start our Saturday "Green Gym" tomorrow from 10.00am - midday. This will be working with children on the allotment keeping fit and having fun!

Nursery children have been busy in the garden all week and have learnt that they must wear a sunhat in the warmer weather. Fortunately we have lots of spares.

In Green Room this week children have been exploring light on the light table and in the Dark Den.
