

What have we done this week?

Week ending 1st May 2009

As part of the Every Child a Talker project Michael Jones (specialist in developing children's language) came to Toddlers and spoke to all the parents / carers, offering ideas and suggestions. He had all the children wrapping up parcels and presents.

What was inside?

Great excitement in the Nursery as our duck's eggs started to hatch - they have been in an incubator for the last few weeks. The children have

been so interested in seeing them.
